BMW SALES REPORT: MODELS ,SALES & REVENUE BY REGION

CONTENT

INTRODUCTION

SALES & REVENUE

RECOMMENDATIONS

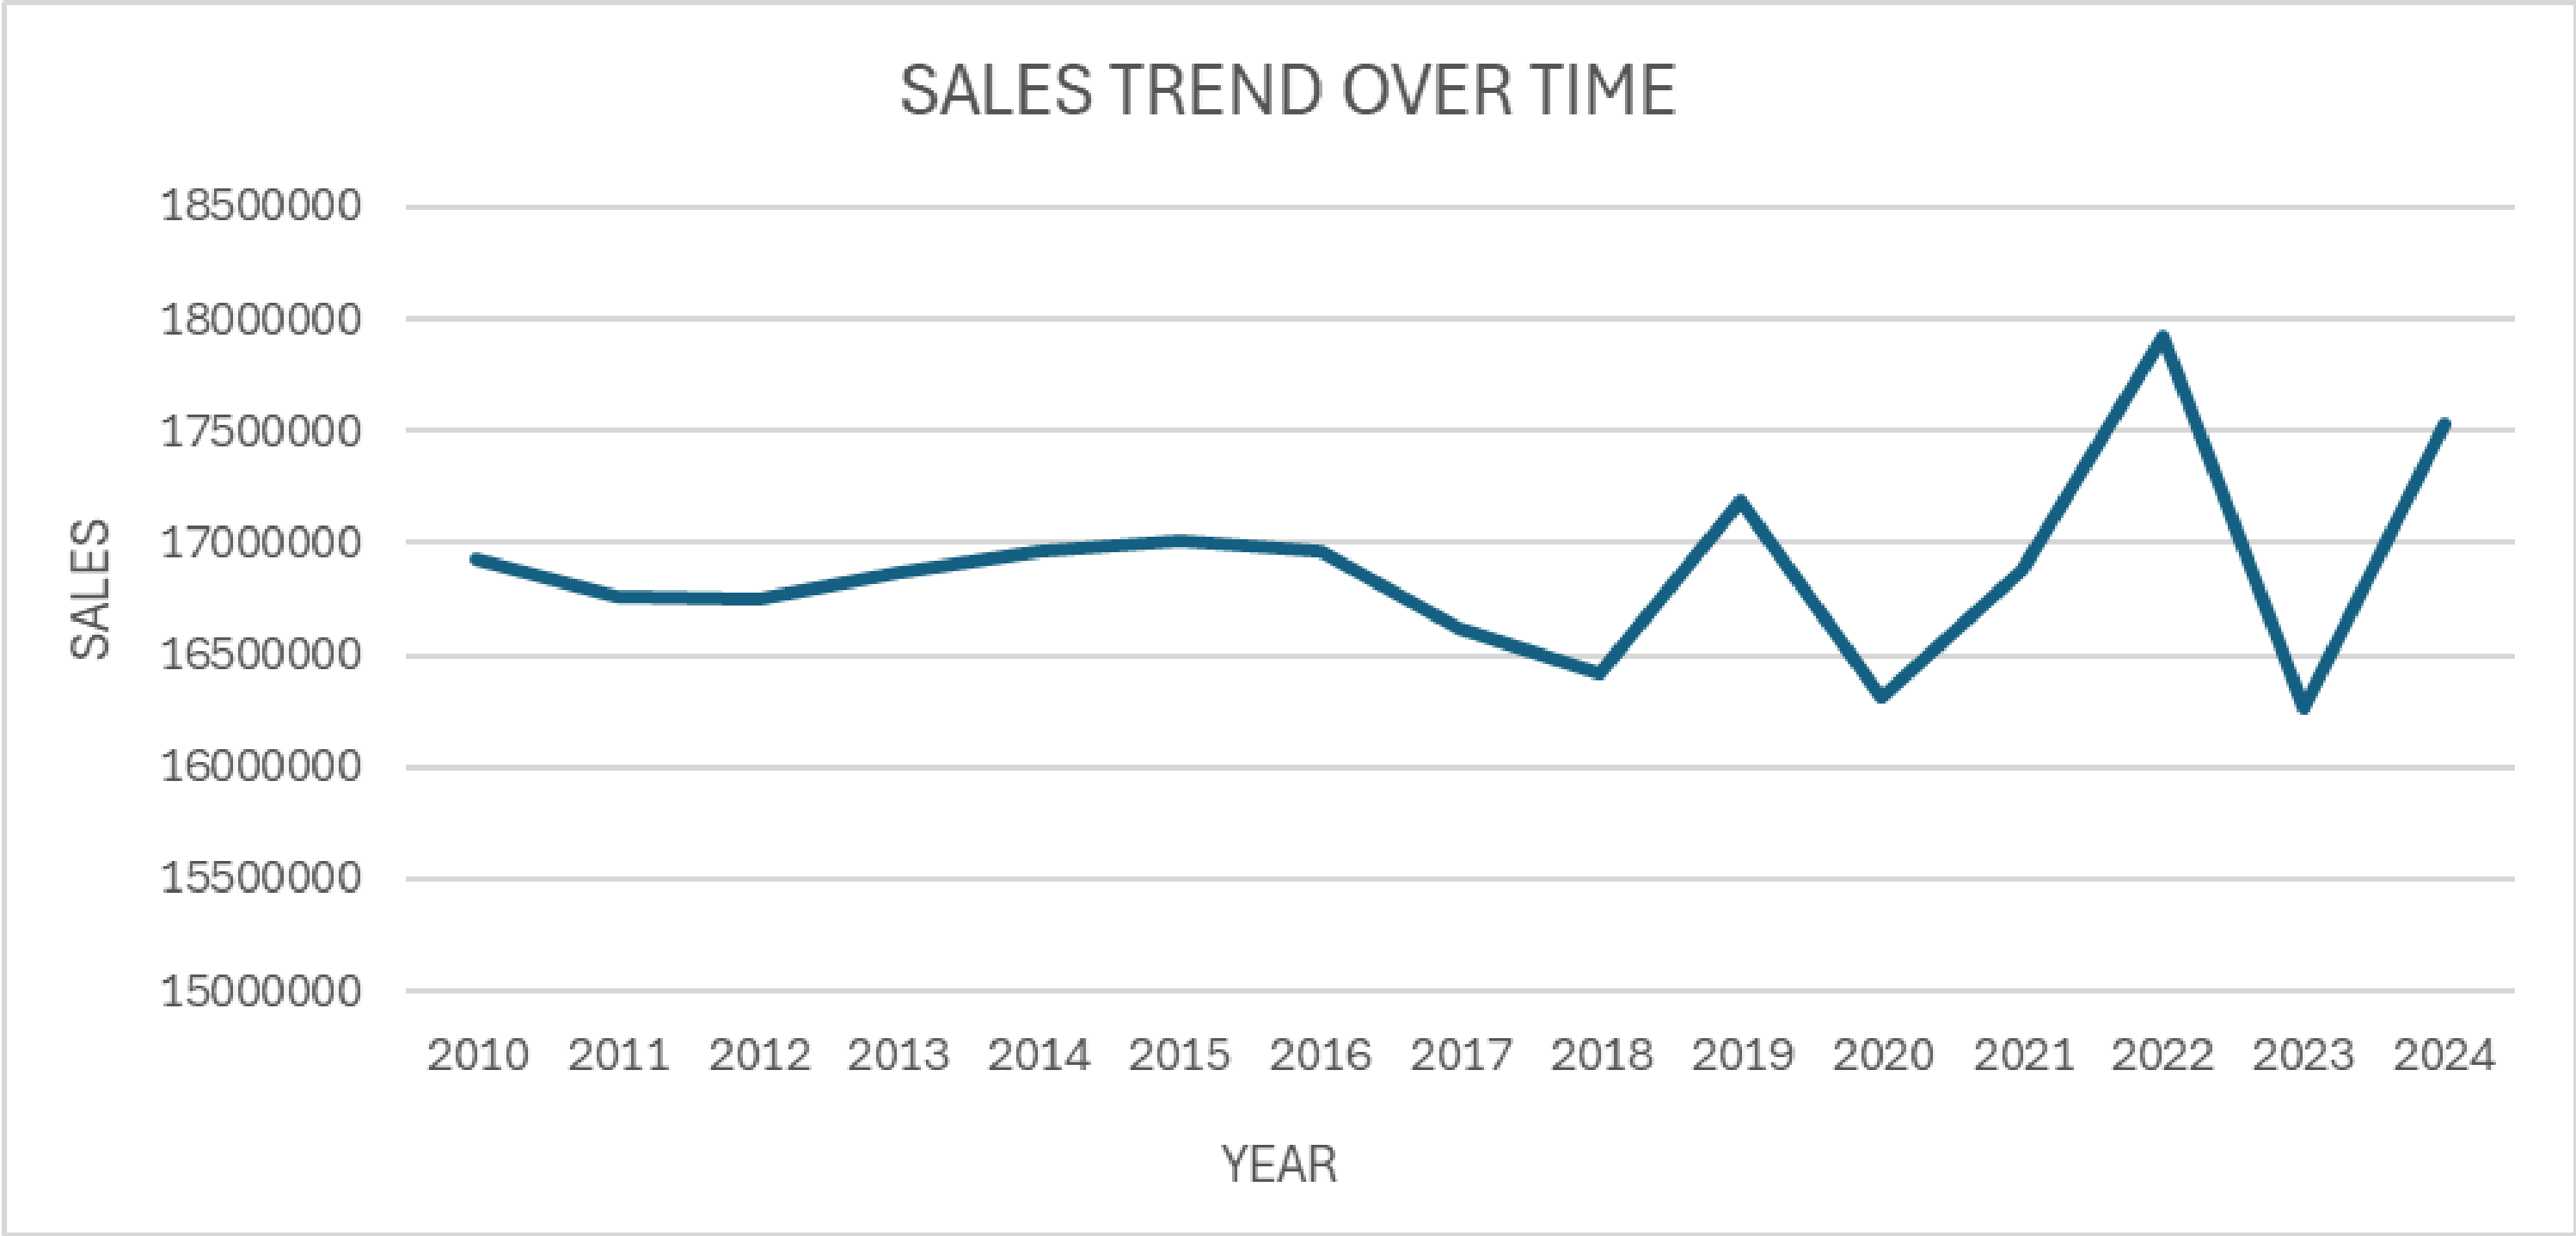

INTRODUCTION.

In a dynamic automotive landscape, BMW continues to accelerate forward with robust performance across its iconic model lineup. This analysis delves into sales volume over the years, revenue trends by model and region, revealing key drivers of growth, regional hotspots, and strategic opportunities to sustain our leadership in premium mobility

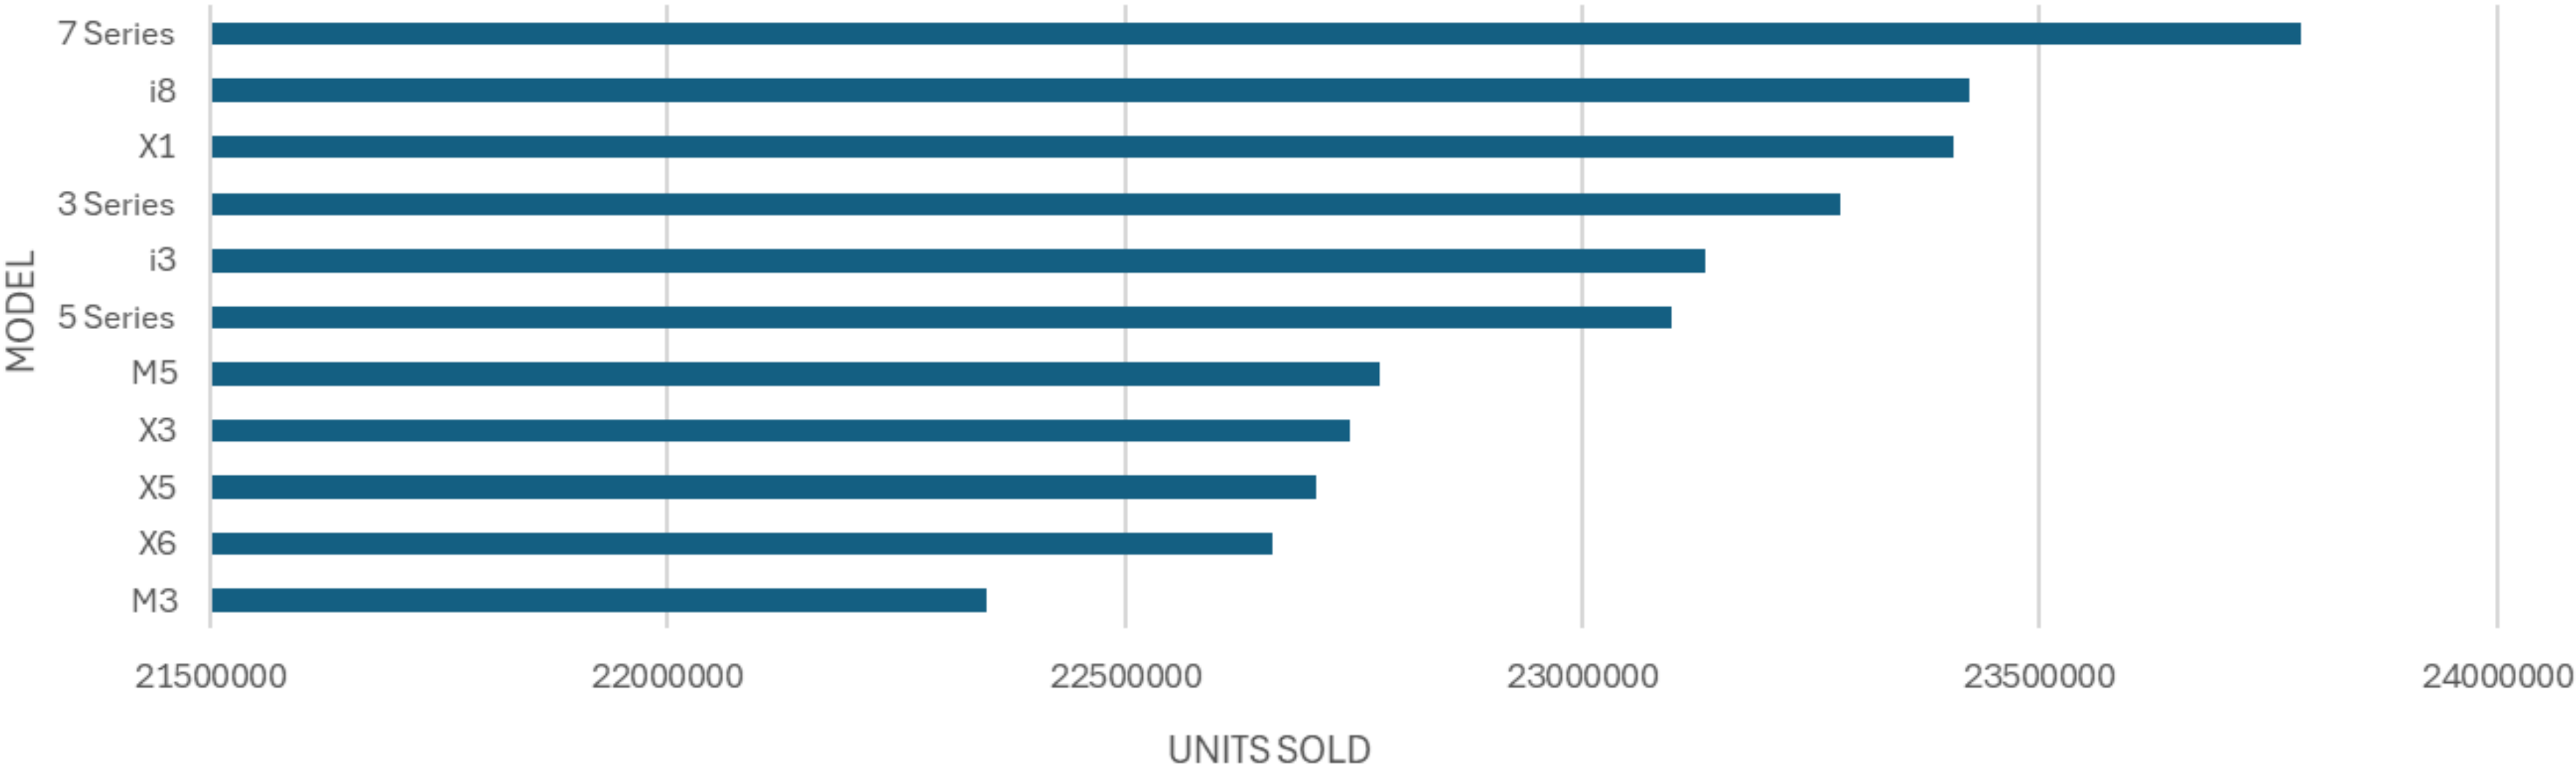

SALES ANALYSIS

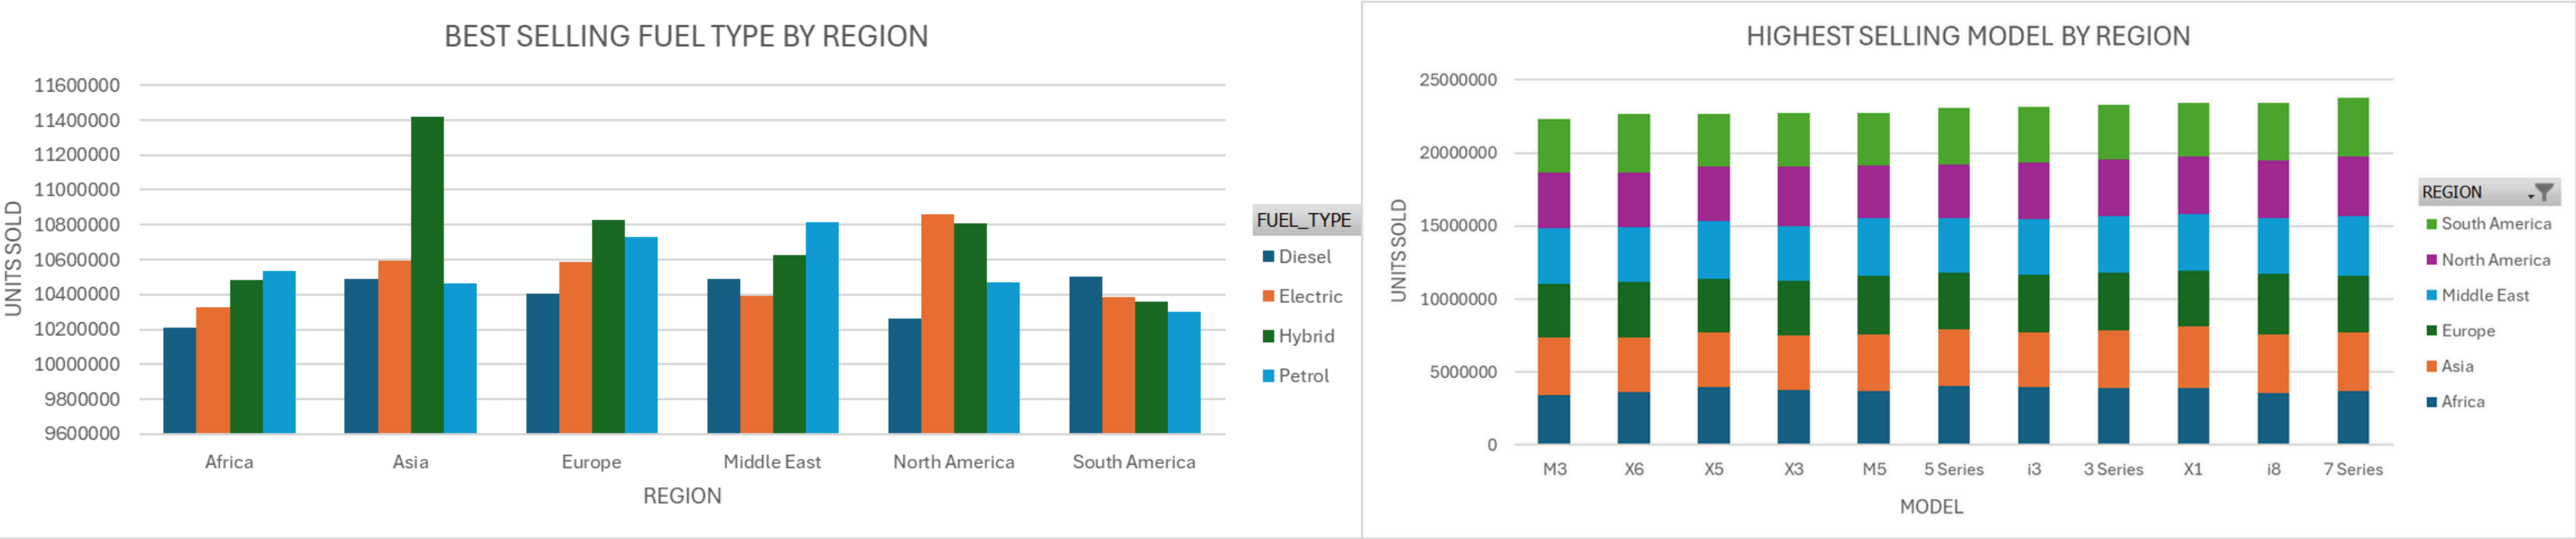

- Sales fluctuate between 160k and 185k units from 2010 to 2024 with peaks in 2018 and 2021
- Overall trend indicates modest growth averaging one percent per year

POPULAR MODEL BY UNITS SOLD

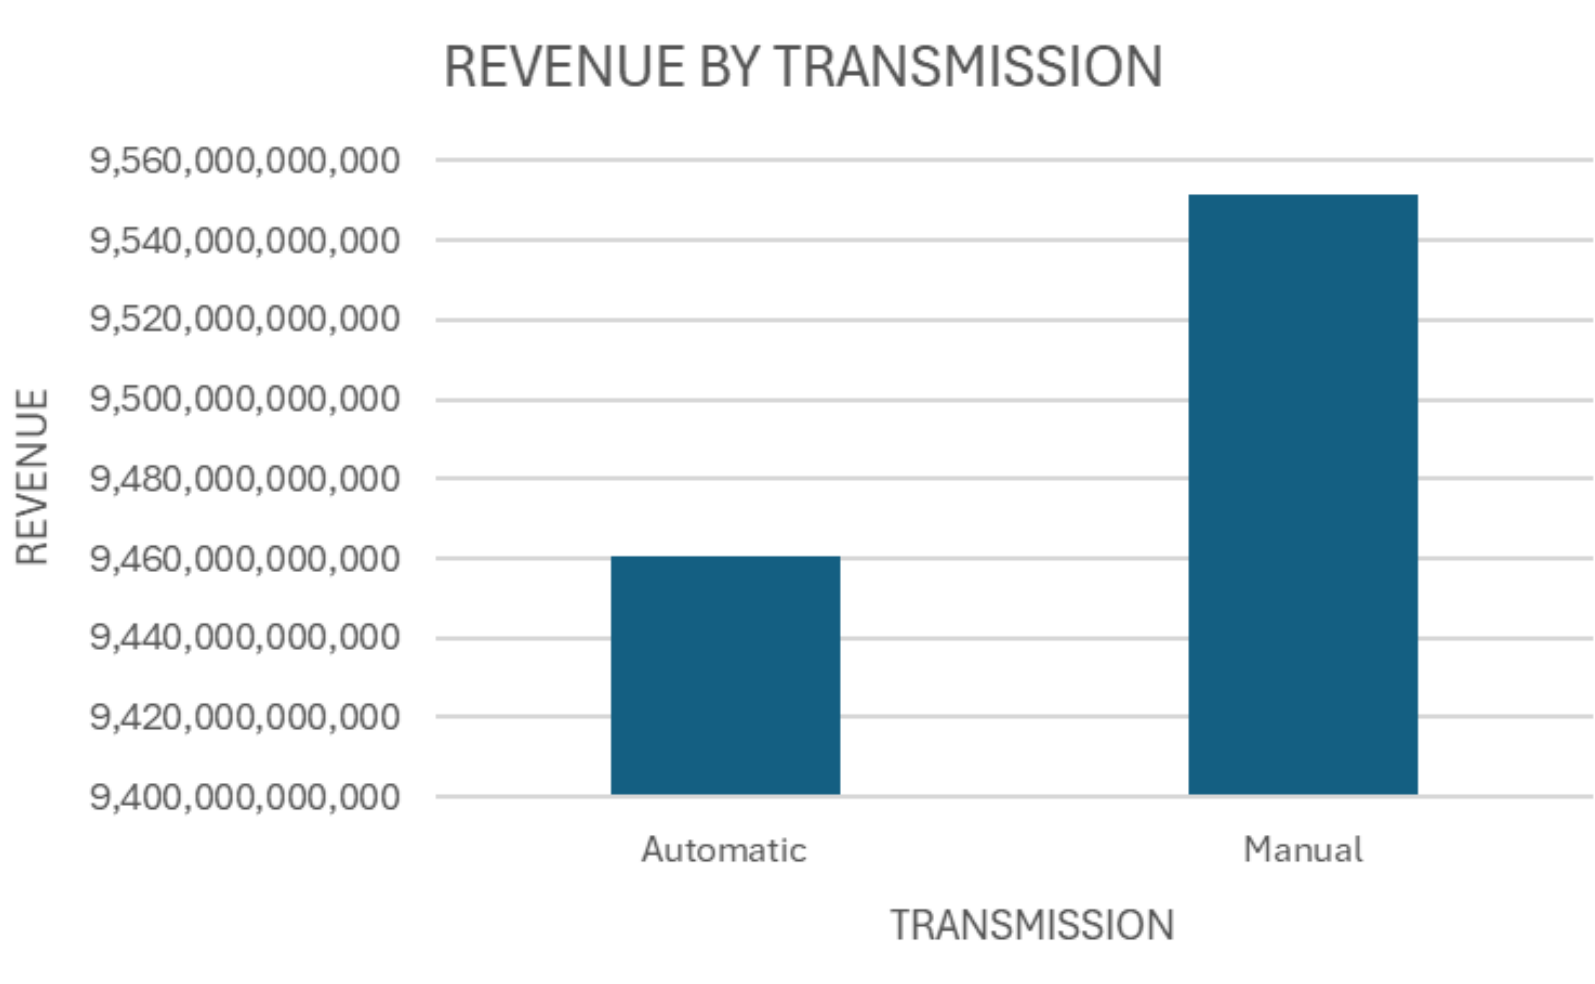

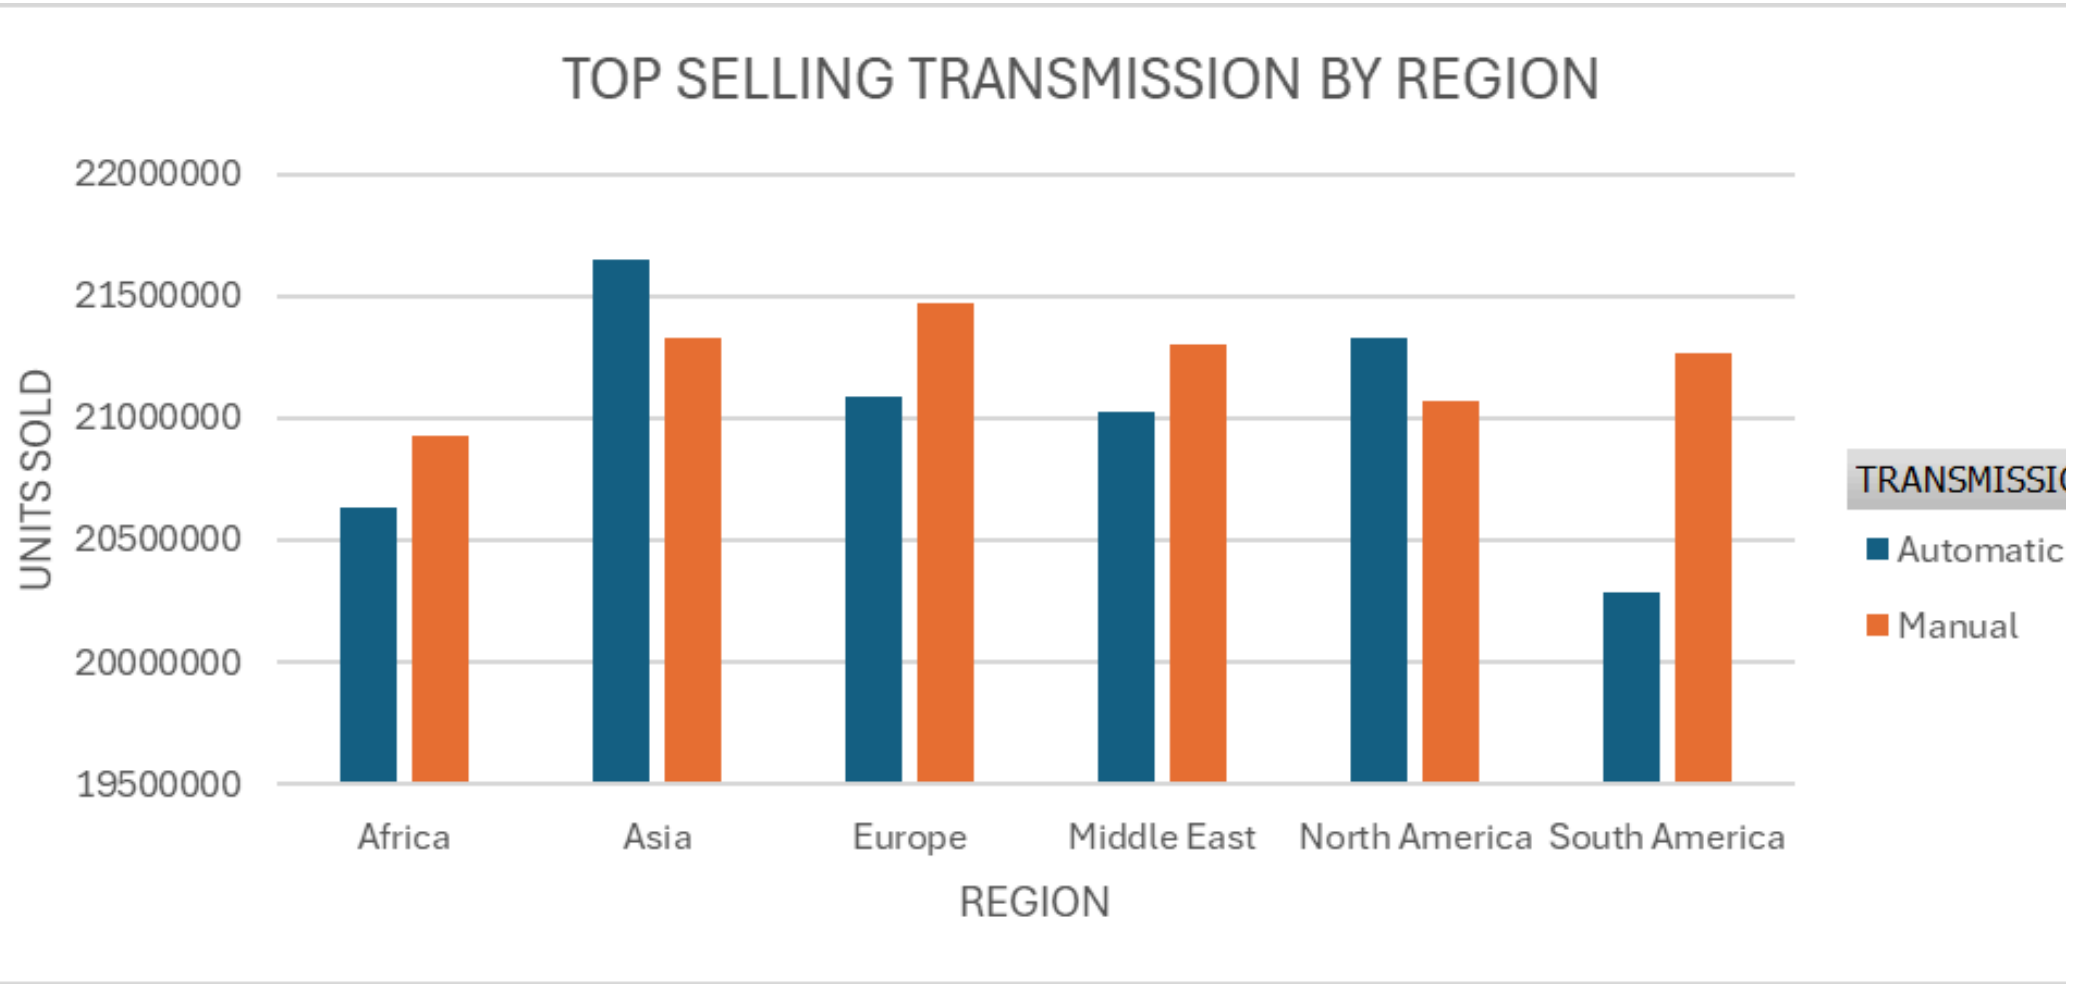

- X1 one leads units sold at 2,35 million surpassing 7 series and i8 at 2.3 million each.
- M3 lags at 2.15 million, indicating strong demand for SUVs over sedans.

SALES ANALYSIS

- Petrol leads best selling fuel types across most regions with 120k units in Europe while hybrids dominates Asia at 112k.
- X5 emerges as top model in North and South America selling 25k units surpassing 3 Series in Europe.

SALES ANALYSIS

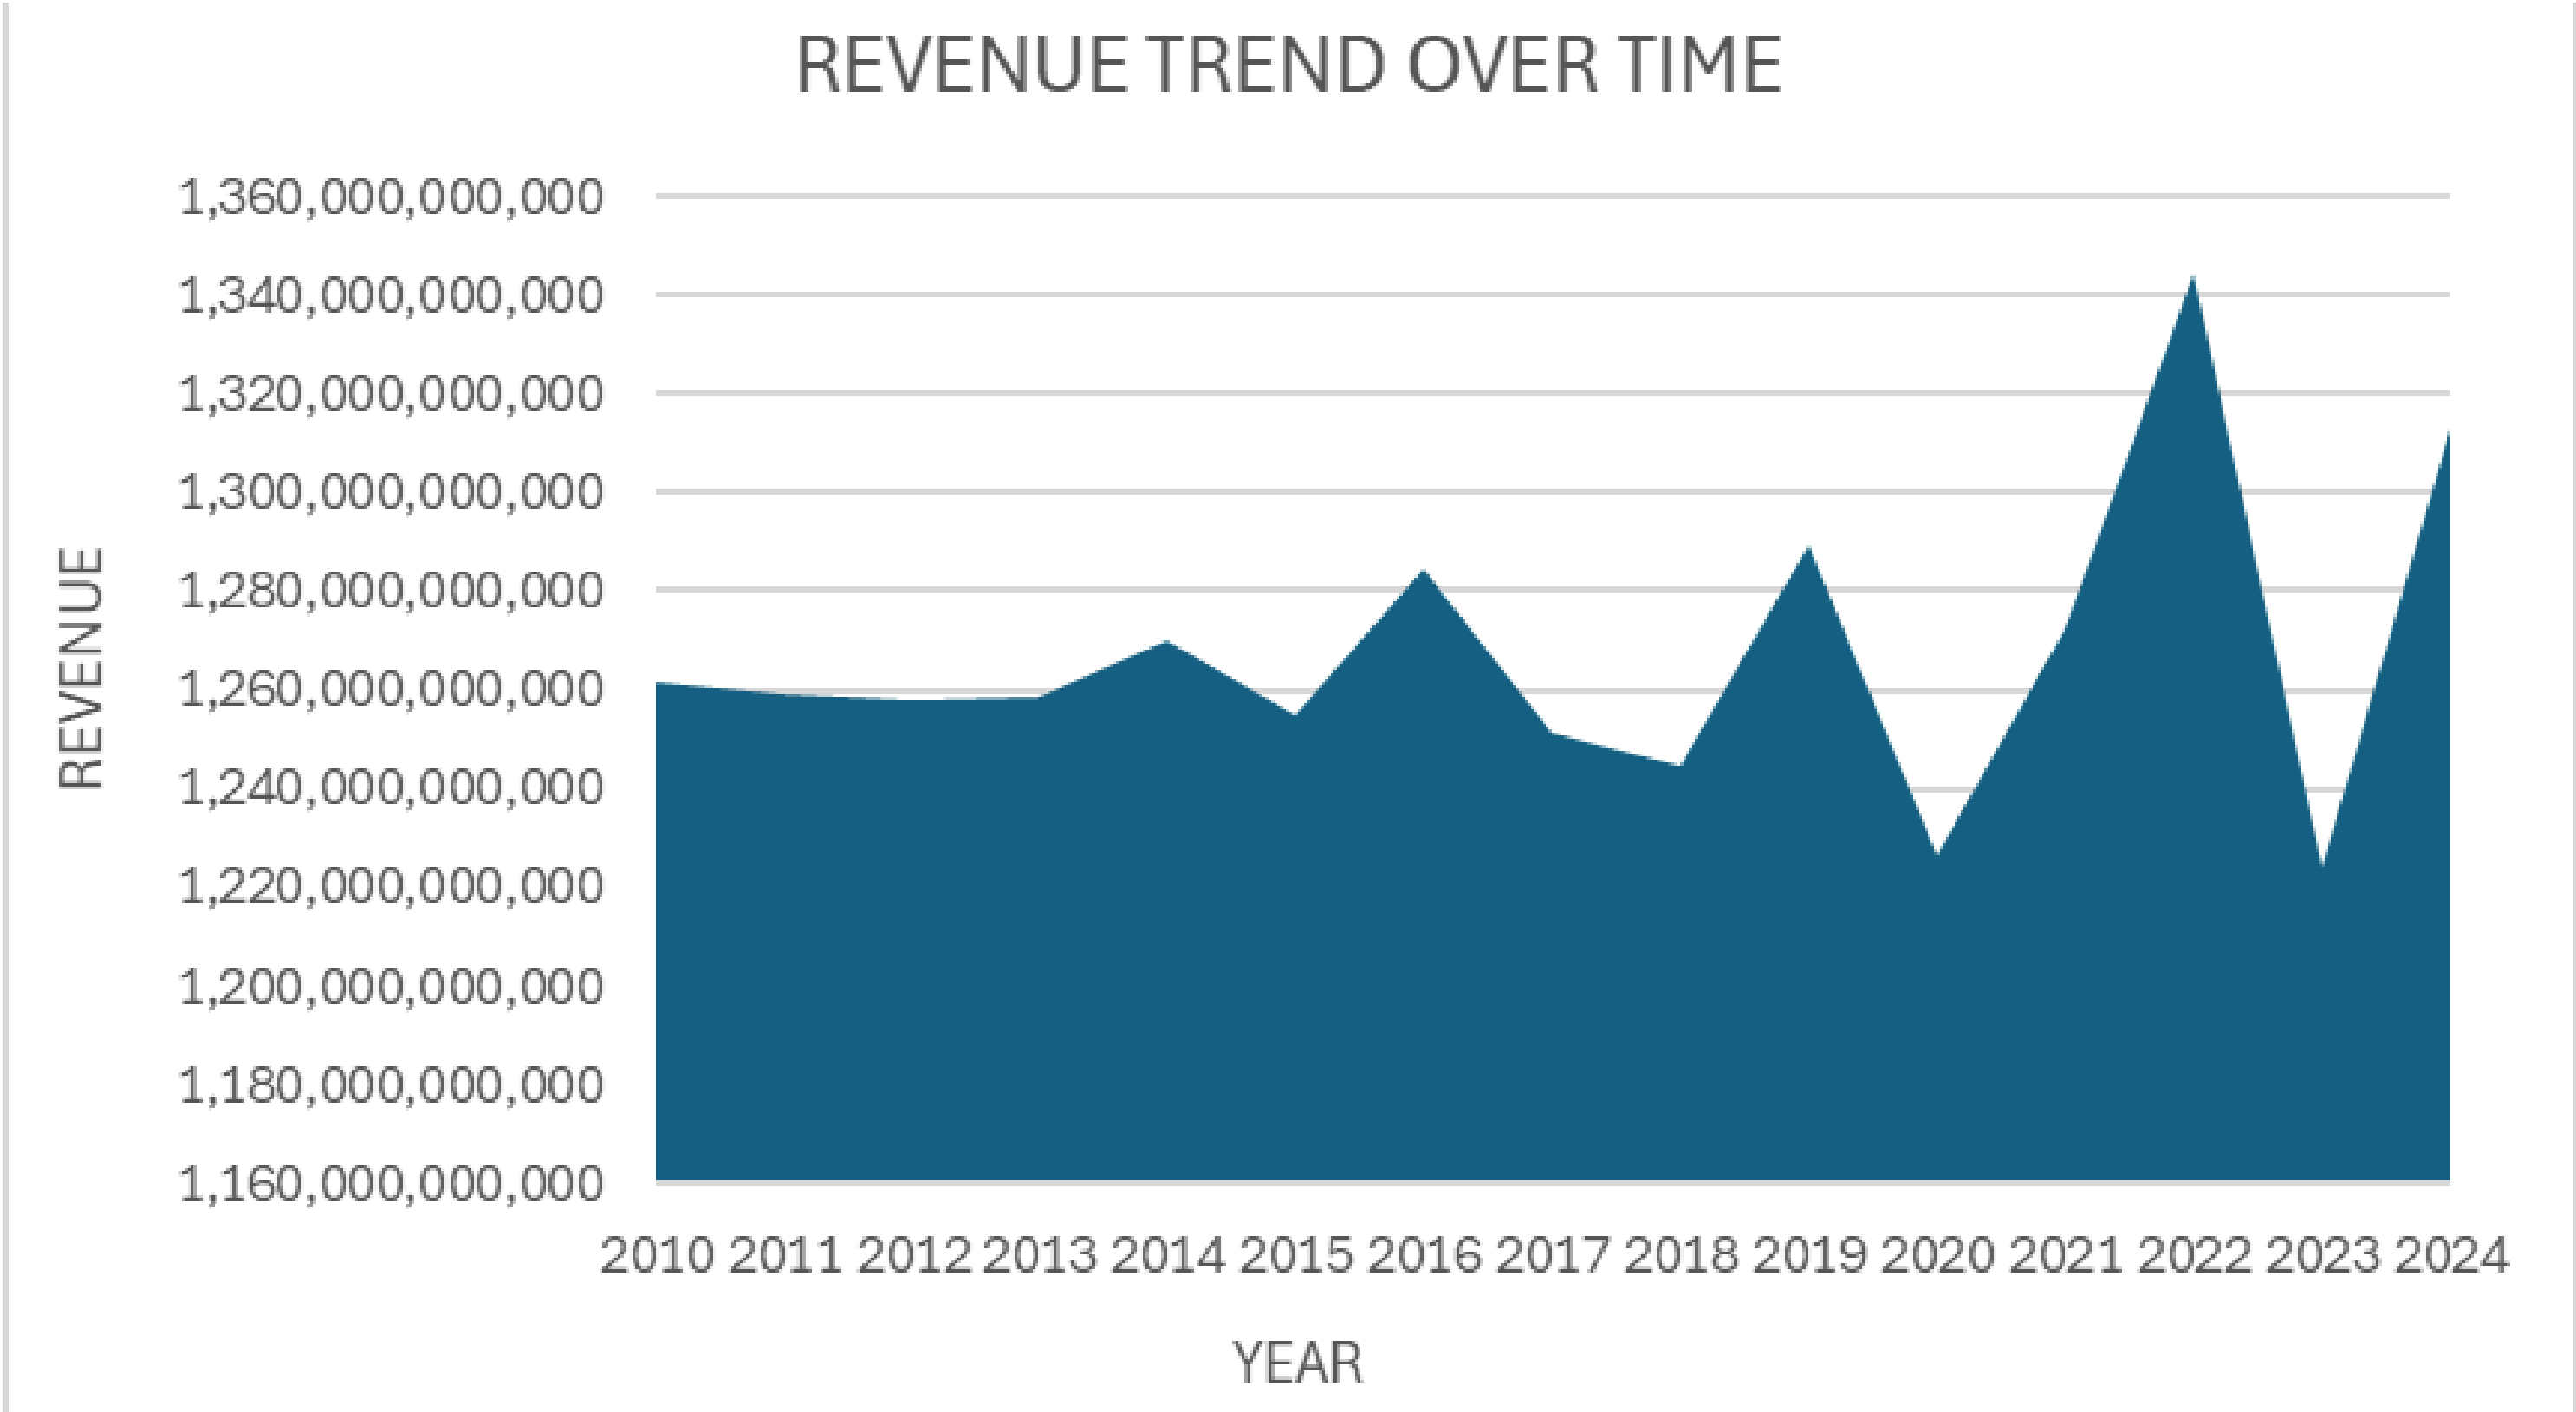

- Manual transmission tops sales in Asia , Europe and South America exceeding 200k units while automatic leads in Africa North America and Middle East.
- Overall revenue favors automatic at 9.56 billion over manual’s 9.46 billion

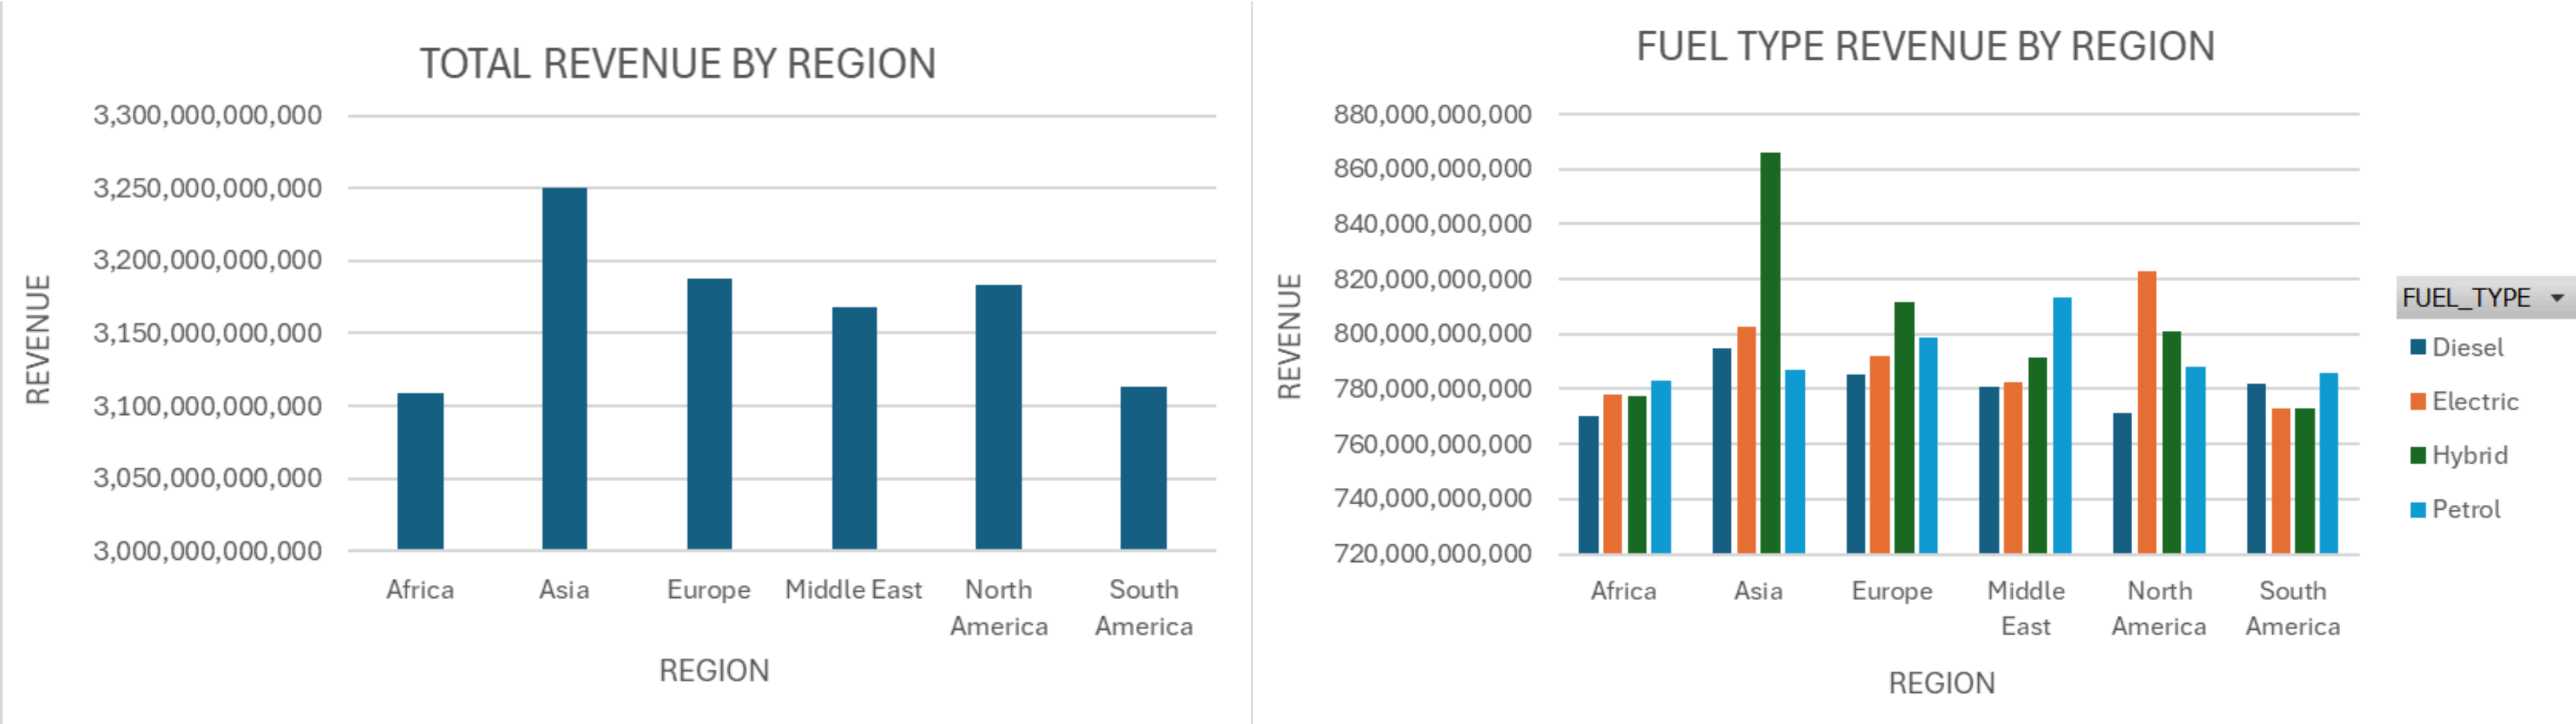

REVENUE.

REVENUE ANALYSIS

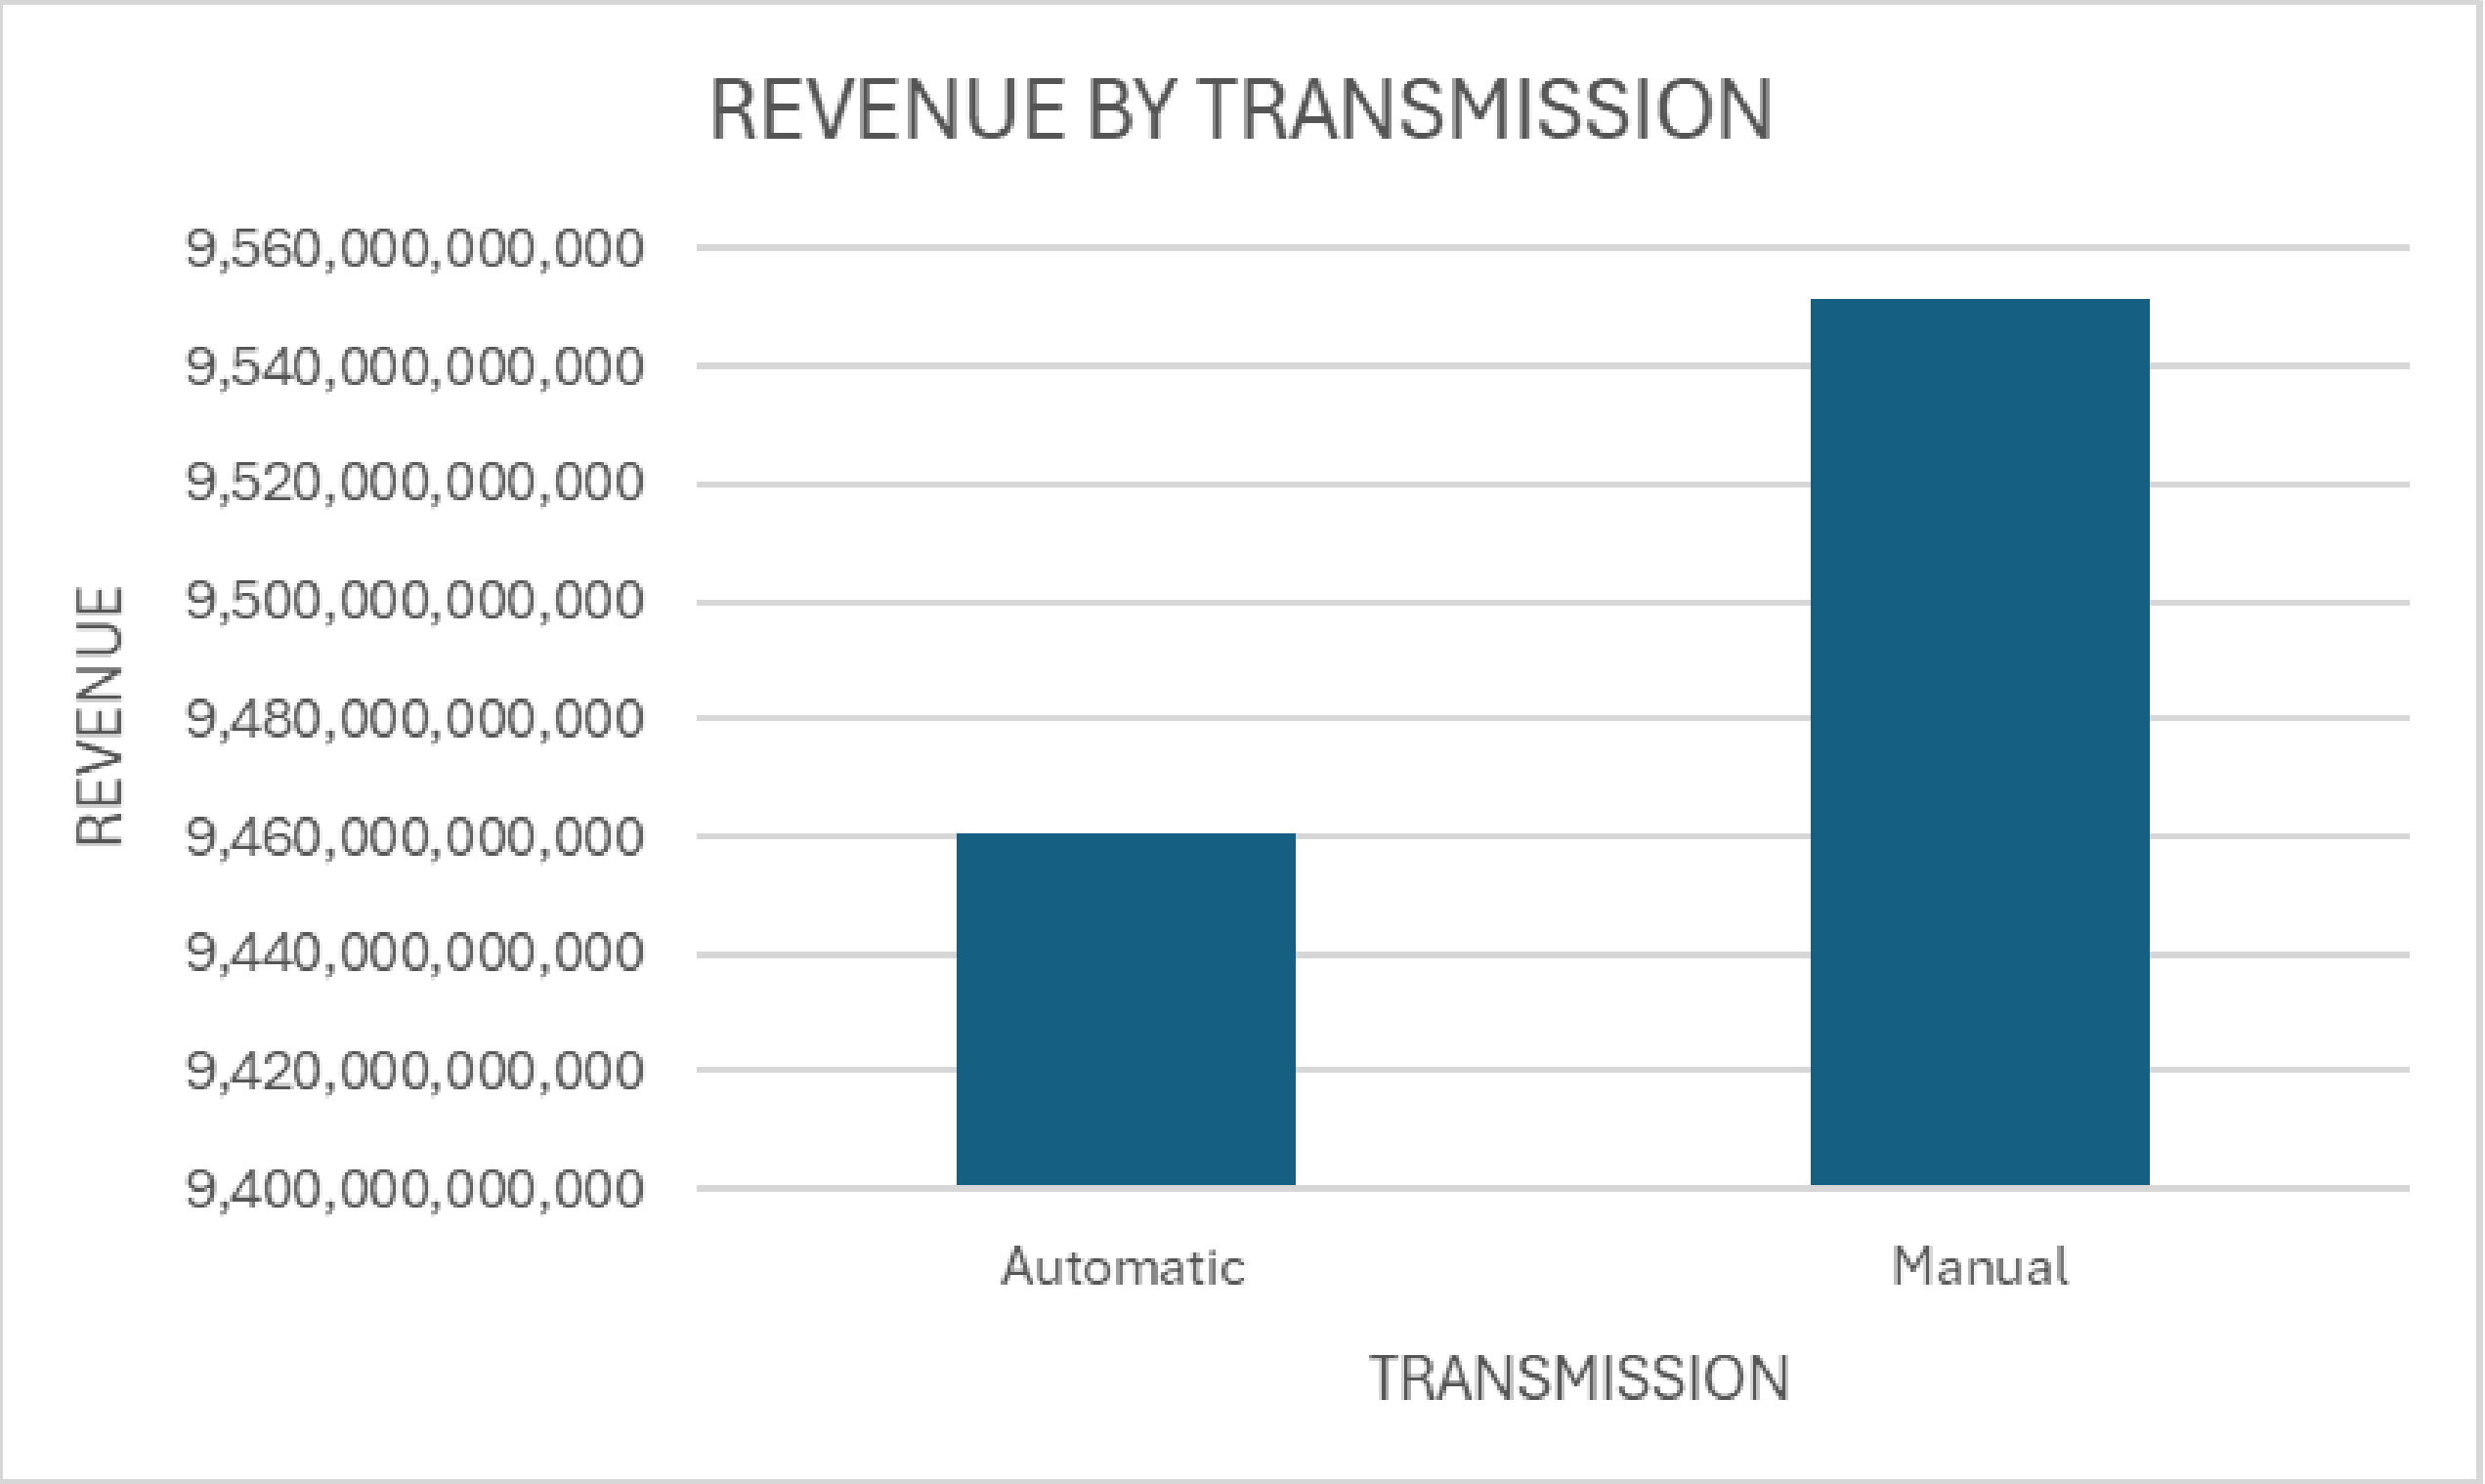

- Revenue fluctuates between 1.16 million and 1.36 million annually from 2010 to 2024 with peaks in 2012, 2018 and 2022.
- Overall trend shows modest growth averaging about one percent per year.

REVENUE ANALYSIS

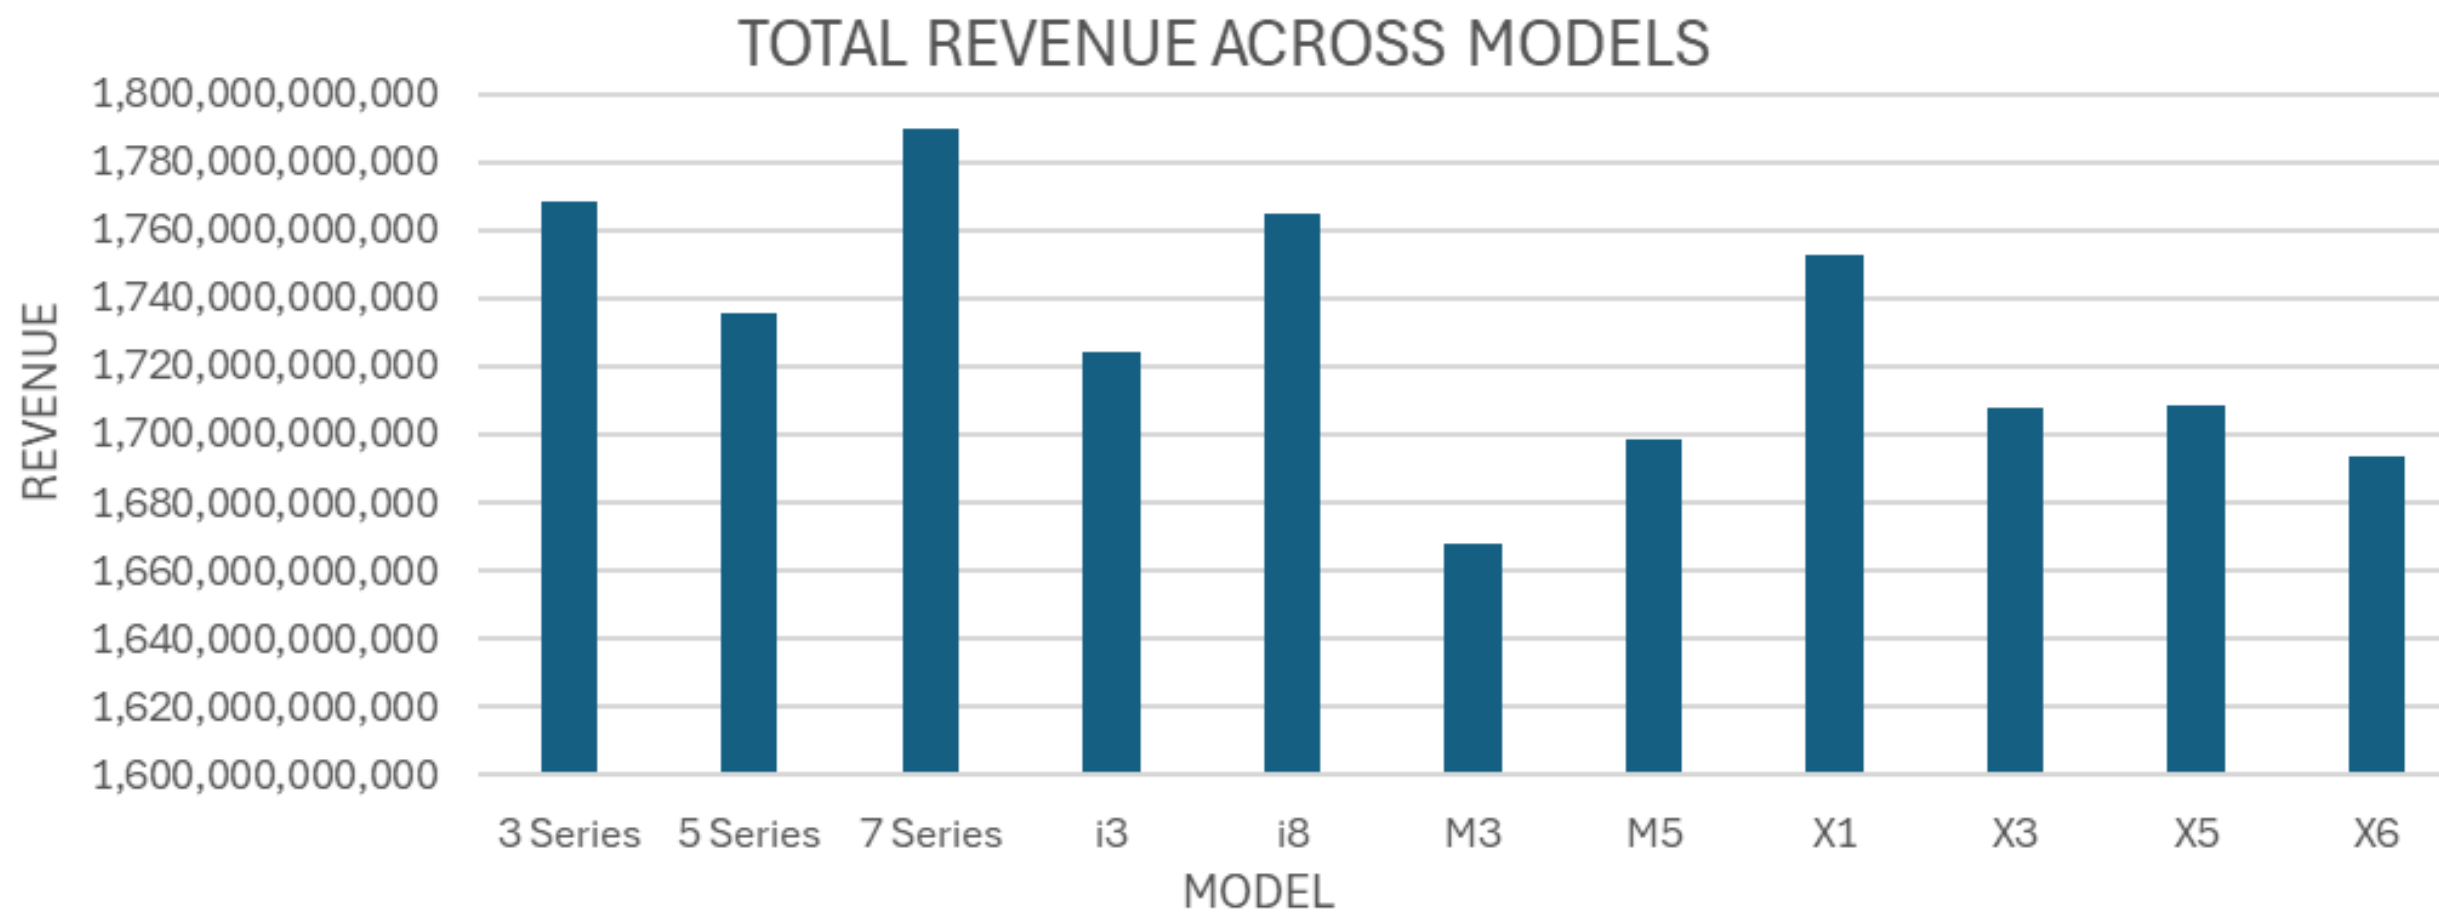

- Asia leads total revenue at 3.5 billion exceeding South America and Europe while Middle East lags at 3billion
- Petrol dominates fuel types regionally with electric surging in North and South America

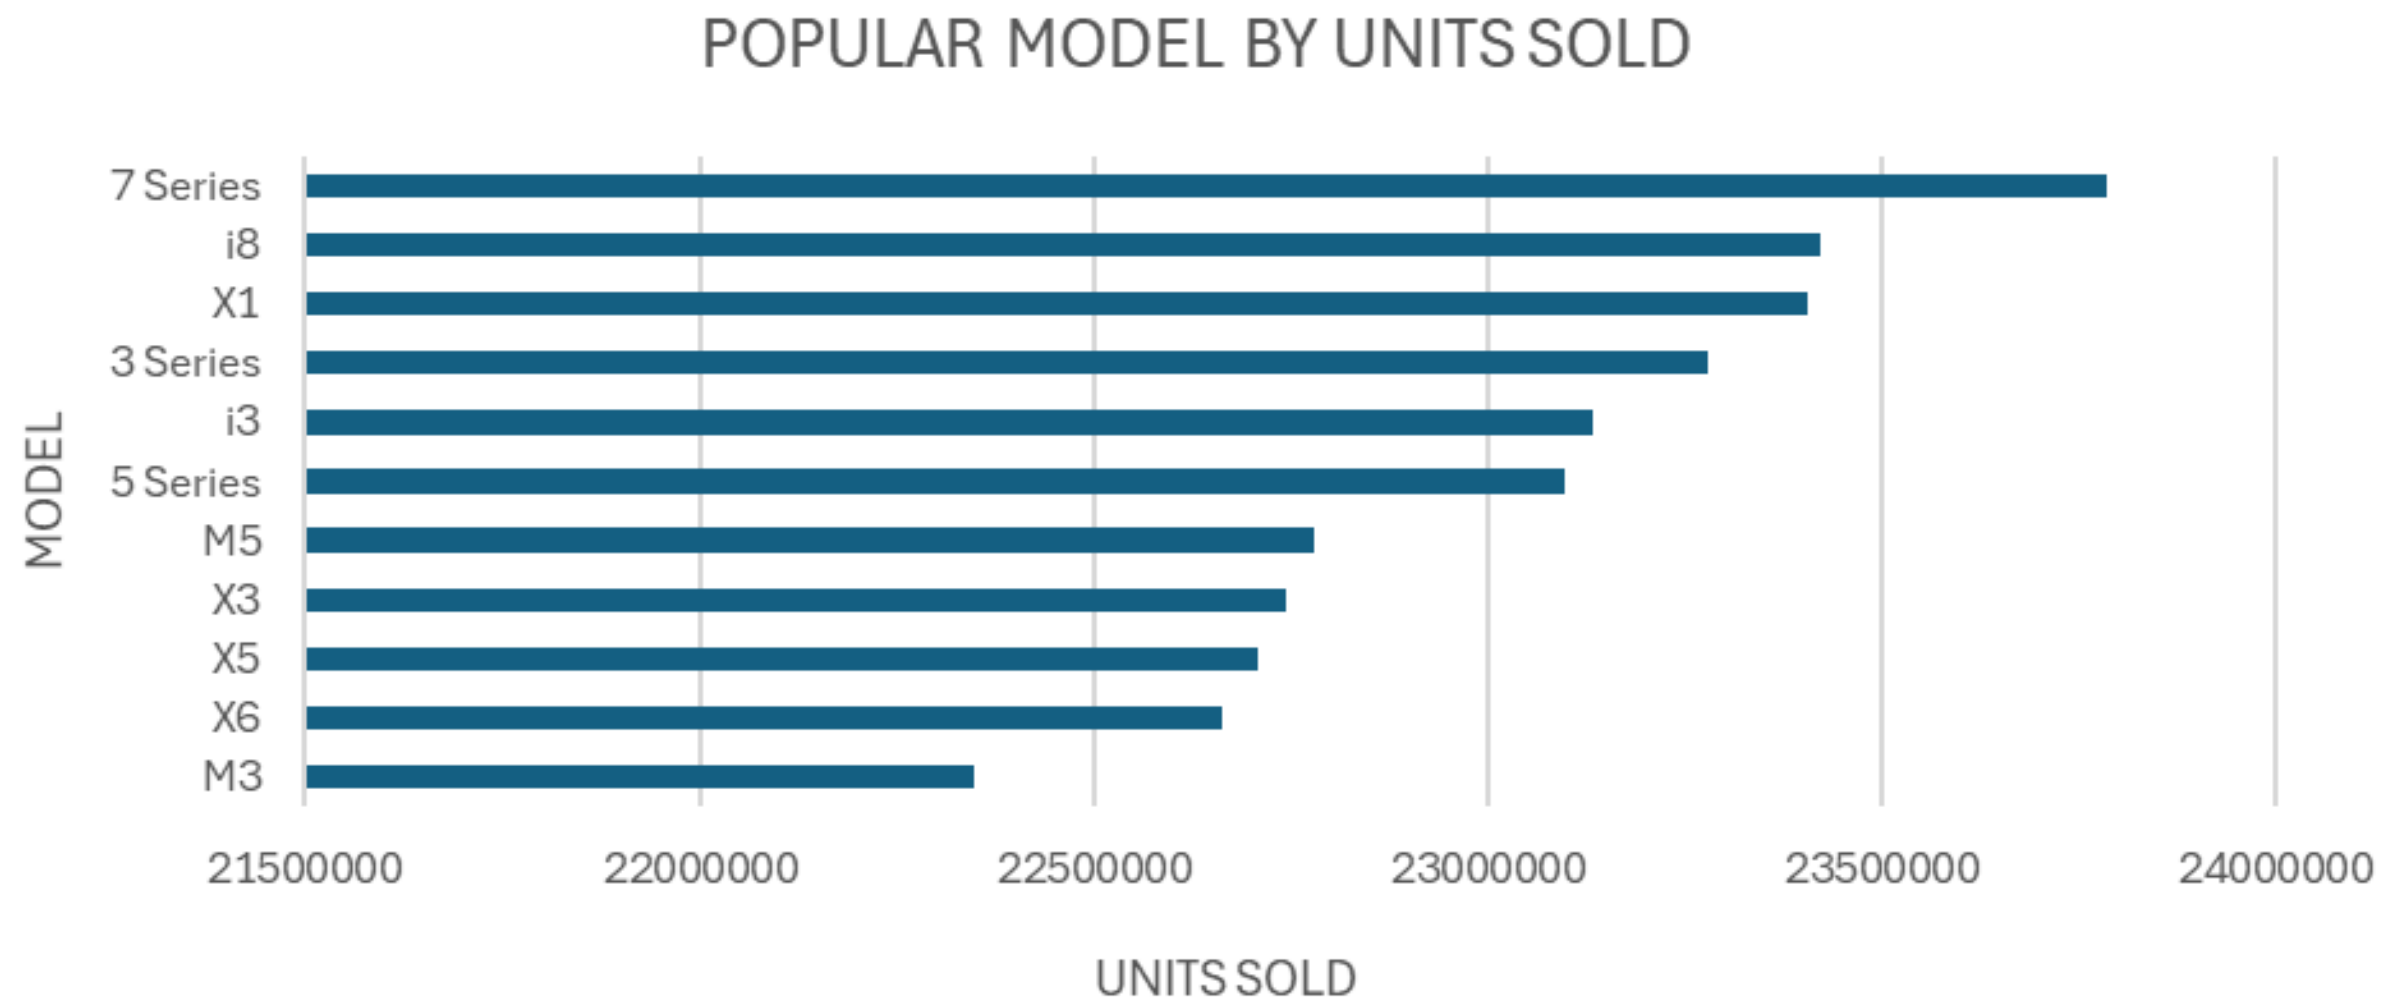

REVENUE ANALYSIS

- Manual transmission outperforms automatic generating 9.5 billion in revenue versus 9.46billion.
- This ten percent edge highlights stronger demand for manual options.

- 7 Series tops revenue at 1.78 billion exceeding 5 series and X6.

- X1 leads units sold at 2.35 million surpassing 7 series and i8

RECOMMENDATION.

- Prioritize SUV production like X1 and X5 for highest units sold and revenue potential.
- Expand electric vehicle marketing in North and South America where demand surges.
- Target Asia for growth with petrol and hybrid models dominating regional sales.
- Invest in manual transmissions for Europe and Asia to capture top-selling preferences.
- Sustain modest overall growth by stabilizing fluctuations through diversified regional strategies.
